NOTTINGHAM MUSIC SERVICE

The Nottingham Music Service based at College Street, provides schools and students with the opportunity to get involved with many different music events and activities happening around the City and helps develop the music curriculum within schools. For more information please visit our website www.colleigest.org.uk/music or ring 0115 9476202.

C-MIST (City Music Instrument Support and Tuition)

Our aim is to encourage City schools to establish and develop musical tuition as an integral part of their pupils' school week. Under this system, schools control their own musical tuition, giving more flexibility, and a closer relationship with the tutor. We provide an opportunity for children of all ages to learn to play a musical instrument. Subsidies are available for registered schools.

If you are interested please contact your school. If this scheme is not already running in your school they need to contact Helen Maltby, C-MIST Co-ordinator on 0115 9476202 or visit our website on www.colleigest.org.uk/music.

MUSICAL FUTURES

Musical Futures is a Paul Hamlyn Foundation special project seeking to devise new and imaginative ways of engaging young people in music activities as an entitlement for 11 - 19 year olds.

It is a Nottingham based project developing exciting programmes of music activities in schools and across the city over the next two years. Musical Futures is set apart from other music projects in that it takes the wishes and needs of young people as its starting point.

Musical Futures Nottingham is based in the Music Development Team at Nottingham City Council. For more information visit www.colleigest.org.uk or ring 0115 9476202 and speak to Carolyn Davis, Musical Futures Administrator.
